## Administrator Of Cornwall Estate Present Final Accoucts

By the filing of the administrators' final accounts in the estate of William H. Cornwall, it is said that the first, step in the consolidation of the Cornwall and Raymond ranches has been taken. The Henry Waterhouse Trust Company as administrator of the estate filed the fourth annual accounts some days ago in the Circuit Court, and yesterday Judge Lindsay ordered them referred to John Marcallino as master. In the report the administrator charges itself with \$16,517.37 and asks to be allowed \$11,818.91, up to January 5, 1908. The final account charges the administrator with \$15,-

905,09 and allows it \$4899.01. By his will W. H. Cornwall, after certain specific bequests, left his entire estate in equal shares to his widow and children. He directed that they should continue to run the ranch for a period of five years from the date of his death, unless they should, sooner, by unanimous consent, decide to sell it. It is stated that an arrangement has been made whereby the Cornwall and Raymond ranches are to combine, thus forming one of the largest ranches of the Islands. The

# PLAN TO BEAUTIFY

The members of the Central Improvement Club met last night in the Promotion Committee room and decided to clean up the town now, pruparatory to the arrival of the Fleet. Discussion on the matter was brief, everyone present Bignifying his willingness to assist in the work of cleaning and beautifying the

Lower Nuuanu Improvement Club, spoke for those interested in the mat ter of the Nuuanu Park. He stated that a Japanese quarryman had already commenced to work on the stream-bed at the lower falls of Nuunanu. The Japanese intend to make a Japanese resort with houses, theater, refreshment shops and curio stores, in typical Japanese style, Alexander Hume Ford exhibited a map of the proposed park, and stated that the Japanese who had a leave of the quarry rights would relinquish them if the park scheme were

L. A. Thurston, representing the

vor of the plan were Rev. E. W. Thwing and E. I. Spalding. Another matter of interest was that a committee consisting of Messrs. Lutted, Herbert and Young presented a plan for the extension of the road running back of the railroad and Hackfeld wharves through to King street, affording an entrance to these wharves opening direct on

taken up. Others who spoke in fa-

Home bases for the United States fleets on both the Atlantic and Pacific Coasts are planned by the Navy Department. At these points the fleets will stop as frequently as possible, and enlisted men will have a chance to have their own homes.

To avoid polluting the atmosphere with poisonous fumes the new assay office building in New York will have a chimney towering 400 feet above the sidewalk, a height greater than that of any New York structure except the Singer building.
